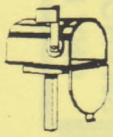
New!! New!! New!! from Keystone Software™ New!! New!! New!!

Nine new programs featuring easy-to-use drop down menus and entry windows. Each is specifically designed for your activity, with categories already laid out for you. View up to 15 records at a time. Scrolling is **fast!** Records are in memory for **fast access and fast sorts**. Sort on any of nine fields. Print one record at a time, pick and choose many or print the entire list- you have complete control. Import & export records between files. No limit to the number of data disks you can build your files on. Ready to use, no setup required. The practice list provided with each program will have you up and running in no time! *Guaranted* or your money back!

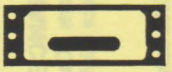
ALL programs include Both 64 & 128 versions *(40 & 80 col.)* on same disk.



Mail List Manager™

Designed specifically to manage a mail list easily. Scrolling is fast, all records are in memory for fast access. Prints lists, labels, index cards, name badges. Can use your designs created by Keystone's Label Maker™ version 2 (including printer fonts and colors). You can elect to print one record at a time, pick and choose for exporting or printing, or print the entire list – you have complete control.

#5960 $19.95



Audio Cassette Library™

Do you tape lectures, church services, your favorite music? Maintain Audio cassettes lists for your personal collection, club, church group, etc. Categories - Tape number, Title, Artist, Subject/Type, Length, Counter, Side, plus 2 fields that you define. This program will enable you to print on die-cut Audio Cassette labels, also print lists and rotary index cards.

#5965 $19.95

Baseball Card Collection™

Organize your collection, sort on any category. Categories include: Card number, Club, Player, Position, Cost, Value, and 3 that you define.

#5985 $19.95

CD/Record Library™

From Bach and Bethoven to the Beatles, Madonna to Montovani, Jazz, Rock or Classical? Let's get them organized. Fields included, Title, Artists, Subject/type, Date, Cost, Number and three user defined. Prints lists, labels and rotary index cards.

#5975 $19.95

Home Book Library™

Be your own librarian. Sort by Title, Author, Subject/Type, Date published, Publisher, ISBN number., or 3 categories that you define. Print lists, standard labels, rotary index cards, file cards.

#5995 $19.95

Home Inventory™

Organize your possessions from the TV set and appliances to stock purchases. Record item, location, cost, where purchased, model number, serial number. Keep track of when warranties expire. Sorts on any of nine fields in *seconds*, prints lists, file folder labels, rotary index cards, standard labels.

#5980 $19.95

Photo/Slide Library™

The ultimate photo and slide album! Recall your "memories" at the touch of a button. Categorize and recall by people in the photo, date, location or theme. Keep notes on occasion, subjects, lighting, exposure, film and more. Organize all your negatives by number. Print labels, lists and rotary index cards. So easy the children can use it!

#5990 $19.95

Stamp/Coin Collection™

Put every stamp or coin in your collection at your fingertips, sort, resort and update your files with ease. Call up duplicates, all stamps or coins of a country, date, theme, type or value. Lets you concentrate on your collection, not your computer.

#5955 $19.95

For a limited time- buy any *3* programs for *only $45.00*

Video Cassette Library™

Does it sometimes take you longer to *find* a tape than watch it? Home video cassette libraries are becoming larger and larger. With Video Cassette Library™ you can keep bring everything under control and print professional looking labels to boot. Sorting by Title or any of nine fields takes seconds. Information saved: Tape number, Title, Subject/Type, Counter, Length, Rating and three fields that you define. Prints lists, rotary index cards, standard labels, or our specialVHS labels.

#5970 $19.95

Label Maker™

The new version is written in Machine Language — runs **50 Times faster** than our original !!! When a list or sorting is not required and you just want to make labels quickly and easily or create new designs for the new programs above, then **Label Maker** is what you need. With 11 pre-designed labels, or "*design your own*" there's just no limit. You can use your printer's font and color capabilities and still merge data from your old data base program ***or*** use files created with the above programs.
